This petition is signed by the property owners surrounding 110 Johnson Street, Frederick, Colorado and adjacent 7.2 acres of property generally located at the northeast corner of First Street and Johnson Street (collectively, the "Property"). The signatories hereto are against the re-zoning of the above identified Property from R-1 to Commercial Downtown as set forth in the October 20, 2008 notice. The Property is currently zoned R-1-Residential and should not be re-zoned for several reasons, mainly because the Property is surrounded on all sides by residential users.
