Additional attractions: The Denver metro area provides additional attractions such as: museums, zoos, performing arts centers, reserves, concerts, professional sports, aquarium and amusement parks.

Incorporated in 1907, the Town of Frederick began as a mining town attracting immigrants from Italy, France, Greece, Turkey, several Slavic countries and Latin America. With its close proximity to the Denver metro area and other population, employment and education centers, Frederick has experienced dynamic growth over the past several years. Projections show that the growth will continue in southwest Weld County eventually creating one of Northern Colorado's major population centers.
