June 30, 2021

To the Honorable Mayor Tracie Crites, Town Board Members, and the Citizens of Frederick, Colorado:

It is my pleasure to present the Comprehensive Annual Financial Report (“CAFR”) of the Town of Frederick, Colorado (the “Town”), for the fiscal year ended December 31, 2020. State law requires the Town publish audited financial statements for each fiscal year. This document is intended to satisfy that requirement and to provide the readers with a more complete and comprehensive understanding of the Town.

The Town assumes responsibility for the accuracy of the data, completeness and fairness of the presentation, including all disclosures in this report. In order to provide a reasonable basis for making those representations, the Town has established an internal control framework that is designed to protect Town assets and to compile reliable information in conformance with U.S. Generally Accepted Accounting Principles (GAAP). Because internal control costs should not outweigh the benefits, the Town’s internal controls have been designed to provide reasonable (not absolute) assurance that the financial statements are free of any material misstatements.

The Town’s financial statements have been audited by John Cutler & Associates, LLC, a firm of licensed certified public accountants. The goal of the independent audit is to provide reasonable assurance that the financial statements of the Town for the year ended December 31, 2020 are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the Town’s financial statements for the year ended December 31, 2020 are fairly presented in conformity with accounting principles generally accepted in the United States of America. The independent auditor’s report is presented as the first component of the financial section of this report.

Generally Accepted Accounting Principles (GAAP) require management to provide an introduction and analysis to accompany the basic financial statements in the form of Management’s Discussion and Analysis (MD&A). This letter is intended to complement the MD&A and should be read in conjunction with it.

Profile of the Town

The Town of Frederick is located on Colorado’s beautiful Front Range of the Rocky Mountains, about 25 miles north of the state capital of Denver. The Town is comprised of 16 square miles of area, both east and west of Interstate 25, south of State Highway 119, and north of State Highway 52. Its current population of over 14,500 residents enjoy the town’s central location, which allows easy access to the Denver and northern metropolitan areas. The transportation network opens up a wide variety of major attractions less than 30 minutes away. At the center of the Carbon Valley area, which also includes Firestone, Dacono, Mead and Erie, Frederick plays the role of community hub for a larger population of 67,000.

The Town of Frederick has an elevation of approximately 5,000 feet and our residents enjoy on average 300 days of sunshine a year. The climate is dry and cool and attracts a large population of health conscious people and those who enjoy the outdoors year round. The Town boasts beautiful parks, wonderful trails, open space, a golf course and Milavec Lake for our outdoor enthusiasts.

Frederick is a statutory municipality that was incorporated in 1907. State statutes provide for a Council-Manager form of government. The Town Board is composed of six members and one Mayor all of whom are elected at large and serve staggered four-year terms. The executive power is vested in the Town Board who appoints the Town Manager to run the daily affairs of the Town. The Town Manager is responsible to the Town Board for the proper administration of all affairs of the Town.

The Town provides a full range of municipal services including but not limited to police protection and code enforcement, public records, sanitation services and recycling, construction and maintenance of streets and infrastructure, cultural arts and events, community development, planning and zoning, engineering, constructing and maintaining parks, trails and open space, a golf course and general administrative duties. In addition, the Town also supplies both potable and non-potable water service, storm water services and electric service as part of its enterprise operations. Other services provided include the legally separate Frederick Urban Renewal Authority.

The Town Budget is adopted annually and serves as the foundation for the Town's financial planning and control. The process begins in the spring of each year at the Town Board goal setting sessions. During those sessions, the Town Board establishes goals and objectives for the upcoming year. Departments then take those goals and use them to build their respective budget requests. Once complete, the Finance Director collects the requests from all Town departments to which appropriations are made and/or revenues are collected and compiles the operating budget for submission to the Town Board. There is at least one budget hearing that is held annually, during which taxpayers are given the opportunity to comment prior to final adoption. The budget is legally enacted and adopted by resolution prior to December 15 of each year and has an operative date beginning January 1. The appropriated budget and level of budgetary control is adopted on a fund basis and appropriations for all funds lapse at year-end, including those funds for capital improvements.

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the Town operates.

Factors Affecting Financial Conditions

Local economy: There has been substantial growth in Frederick for the past several years. As a result of the recession, growth did continue but at a much slower pace from 2008 to 2010. Since 2011 the pace has quickly increased back to pre-recession levels. In 2020 the Town experienced residential growth of 18 percent, and commercial decline of 58 percent. Due to the location of Frederick, employment in the area is diverse with opportunities in nearly every possible sector including transportation, utilities, manufacturing, government, professional and business services, education and health, and leisure. Currently the largest employment sector in Frederick is the education sector with St. Vrain Valley School District being the number one employer in the town.

Sales and use tax is the primary source of general fund revenues (55%) followed by property tax (22.8%), totaling 77.8 percent of the general revenues for fiscal year 2020. The Town's sales tax base is well diversified which has contributed to fairly dependable revenues over the years. With the substantial population growth that the Town has experienced, we have also had an increase in tax revenues of 532.15 percent from 2015 to 2020. It is anticipated that continued population and commercial growth will continue to increase both the sales and property tax revenues.

The fiscal health of the Town of Frederick remains strong. As outlined in the Management’s Discussion and Analysis, the Town has maintained a healthy financial position through sound financial management. We exercise strong fiscal discipline, and continually review operations being ever vigilant to find new efficiencies and cost reduction measures.

Long-term financial planning: The Town takes a long range approach to capital spending through the adoption of a ten-year capital plan. The ten-year capital plan is continually refined to set the stage for continued financial stability, sustainable economic growth, development and maintenance of a vibrant and growing community. Some of the primary issues facing the Town are those related to downtown revitalization, economic sustainability, commercial growth, public safety and upgrading and improving aging infrastructure.

Major Initiatives: Capital projects that were completed in 2020 include Downtown alley improvements, Safe Routes to School project, Skate Park project, vehicle and equipment replacements, and park & playground improvements. Capital projects that were started in 2019 and continued in 2020 were the Safe Routes to School project, NISP, and Windy Gap.

Reporting Achievements

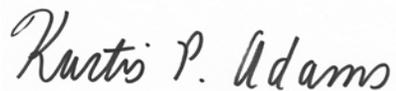

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Town of Frederick for its comprehensive annual financial report for the fiscal year ended December 31, 2019. This was the sixth year that the Town has received this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both Generally Accepted Accounting Principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Acknowledgements

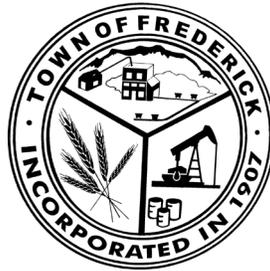

The preparation of the comprehensive annual financial report could not have been accomplished without the efficient and dedicated service of a highly qualified staff. Their cooperation and assistance is necessary and appreciated. I would like to thank all personnel who helped and contributed to the preparation of this report. I also want to acknowledge the thorough and professional manner in which our independent auditors, John Cutler and Associates, LLP, conducted their audit. Finally, we wish to thank the Mayor and Town Board for their continued support.

Respectfully submitted,

Independent Auditor's Report

JOHN CUTLER & ASSOCIATES

Honorable Mayor and Members of the Town Council
Town of Frederick
Frederick, Colorado

INDEPENDENT AUDITORS' REPORT

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Frederick, Colorado, as of and for the year ended December 31, 2020, which collectively comprise the basic financial statements of the Town, as listed in the table of contents. These financial statements are the responsibility of the Town of Frederick, Colorado's management. Our responsibility is to express opinions on these financial statements based on our audit.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Frederick, as of December 31, 2020, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages B1-B6 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Fredericks' basic financial statements. The combining and individual fund schedules and State Compliance listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund schedules and State compliance are fairly stated in all material respects in relation to the financial statements as a whole.

The other financial information and the statistical section has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Management's Discussion and Analysis

Management's Discussion and Analysis

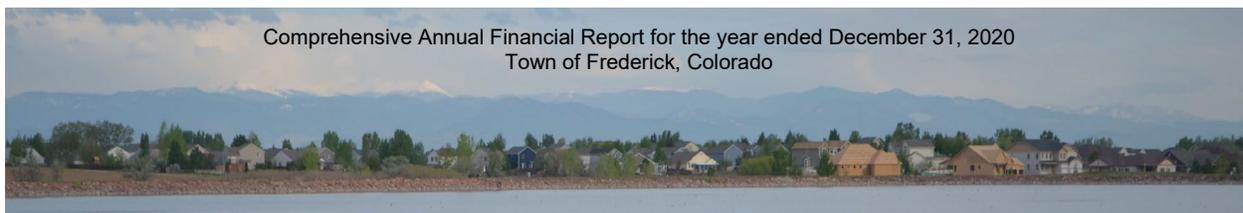

This section of the annual financial report offers readers of the Town of Frederick a discussion and analysis of the Town's financial performance during the year ended December 31, 2020. We encourage readers to consider the information presented here in conjunction with additional information furnished in the Town's financial statements, which immediately follow this section.

Financial Highlights

- Assets and deferred outflow of resources for the Town exceeded liabilities and deferred inflow of resources by \$173 million, an increase of \$16.5 million, or 10.5 percent.
- As of December 31, 2020, net position for governmental activities was \$56 million, up \$7 million or 14.3 percent from December 31, 2019. Business type activities reported a net position of \$117.5 million, up \$9.5 million or 8.8 percent in the same time frame.
- General revenues account for \$14,864,154 or 41.7 percent of all revenues. The Town had \$20,783,376 in program specific revenues in the form of charges for services, operating grants and contributions, and capital contributions.
- The Town had \$14,477,699 in expenses related to governmental activities, of which \$7,526,969 were offset by program specific charges for services and operating grants, contributions. Taxes of \$14,162,649 and other general revenues of \$586,059 and transfers in of (\$787,059) as shown on the statement of activities, offset the costs.
- The Town had water and storm water charges for service income totaling \$5,296,966. Grants and capital contributions revenues for these funds totaled \$7,959,441. The cost of providing water and storm water services totaled \$4,642,760.
- Outlays for capital assets were primarily comprised of street infrastructure, vehicles and equipment. See the Capital Assets Section of the Financial Statements for detail.
- The Town's governmental funds have outstanding debt consisting of capital leases, FURA tax increment revenue bonds, and the 2015 sales and use tax bond totaling \$6,389,390 at December 31, 2020.
- The Town's business-type funds have no outstanding debt at December 31, 2020.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Town's basic financial statements. The basic statements are comprised of three components: 1) government-wide financial statements, 2) specific fund financial statements, and 3) notes to the financial statements.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the Town's finances in a manner similar to a private-sector business.

There are two government-wide financial statements:

Statement of net position – This statement presents information on all of the Town's assets, liabilities, deferred inflows and deferred outflows, with the difference between them being reported as net position. Over time, the increases or decreases in net position may serve as a useful indicator of whether the financial position of the Town is improving or deteriorating.

Statement of activities – This statement presents information showing how the Town of Frederick's net position changed during 2020. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses reported in this statement for some items will result in cash flows in future periods (e.g. uncollected taxes and earned but unused personal time).

The government-wide financial statements reflect three distinct activities:

Governmental Activities – These activities are primarily supported by taxes and intergovernmental revenues. The Governmental Activities of the Town of Frederick include general government, public safety (police), public works, community development and events.

Business-type Activities – These activities are supported by user fees and service charges which are intended to recover all of their costs. The Business-type Activities of the Town of Frederick include Water, Storm Water and Golf. Governmental activities and business-type activities combined comprise the primary government.

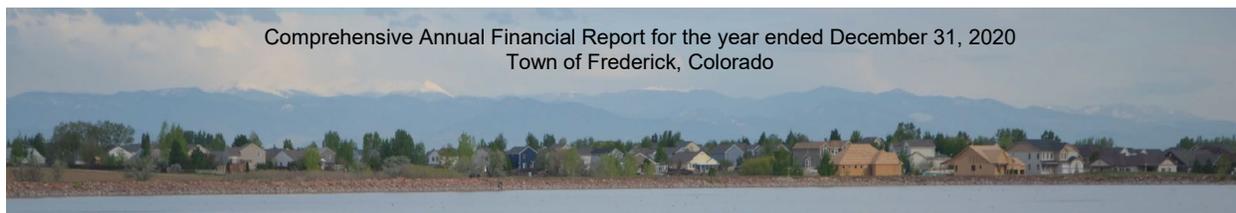

Component Units – There is only one entity that is legally separate and is reported separately from the primary government; however, the Town of Frederick is financially accountable for it. That entity is the Frederick Urban Renewal Authority (FURA). It is reported as part of the Town as a blended component unit.

Governmental activities and business-type activities combine to comprise the primary government. The government wide financial statements begin on page A-1 of this report.

Fund Financial Statements

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Some funds are required to be established by State law and bond covenants; however, the Town Board establishes other funds to help control and manage money for particular purposes. All of the Town's funds can be divided into three categories: Governmental Funds, Proprietary Funds, and Fiduciary Funds.

Governmental Funds – *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *short-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at

the end of the fiscal year. Such information may be useful in evaluating a government's short-term financing requirements. The accounting method used is *modified accrual* accounting.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental activities in the *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's short-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the general fund and other major funds. The minor funds are combined in the *Other Governmental Funds* into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

Governmental fund financial statements begin on page A-5 of this report.

Proprietary Funds – The Town of Frederick maintains one type of proprietary fund. *Enterprise Funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The Town uses an enterprise fund to account for its Water, Storm Water, and Golf Course Funds. These funds are considered major funds of the Town of Frederick.

Proprietary fund statements begin on page A-9 of this report.

Fiduciary Funds – The Town of Frederick maintains one type of fiduciary fund. Fiduciary funds are used to account for assets held in trust by the government for the benefit of individuals or other entities. The Oil Royalty Fund is the only fiduciary fund held by the Town.

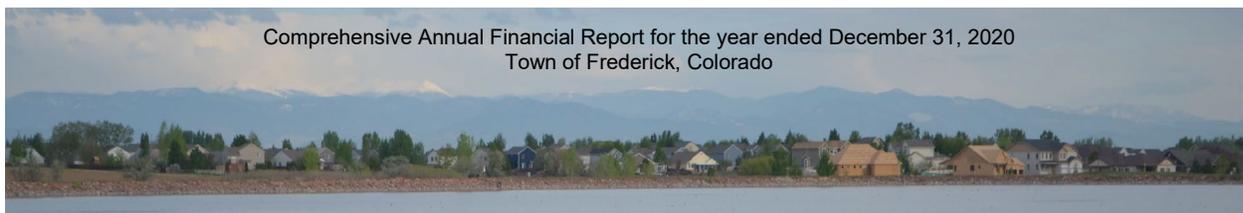

Fiduciary fund statements begin on page A-13 of this report.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the Town and fund financial statements. The notes can be found on pages A-16 thru A-41 of this report.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain other supplementary information. This includes the required supplemental data required for non-major fund information and budgetary comparison schedules. The budgetary comparisons are included in Sections B & D of this report.

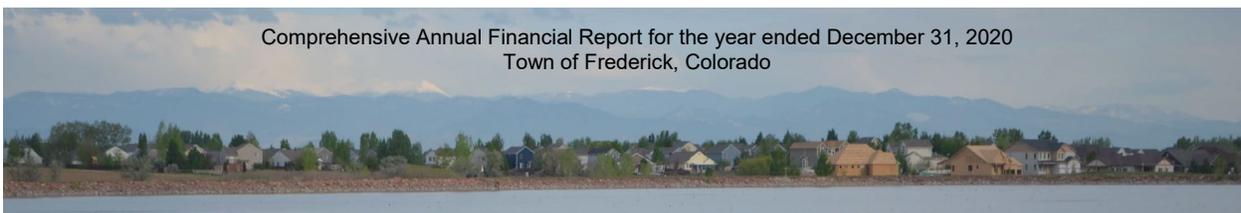

Financial Analysis of the Town as a Whole

As noted previously, net position may serve over time as a useful indicator of the Town's financial position. For the year ending December 31, 2020, the Town's combined assets exceeded liabilities and deferred inflows of resources by \$173,383,727.

Total Increase in Net Position						16,527,071
Percent Increase in Net Position						10.54%

The largest portion of the Town of Frederick's net position (65.5%) reflects its investment in capital assets (e.g. land, buildings, etc.), less any related debt still outstanding (current and long-term), that was used to acquire those assets. The Town uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Town's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. Unrestricted net position may be used to meet the Town's ongoing obligations to citizens and creditors.

The restricted portion of net position (.35%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of net position (\$59,218,040) is unrestricted and may be used to meet the Town's ongoing obligations to citizens and creditors.

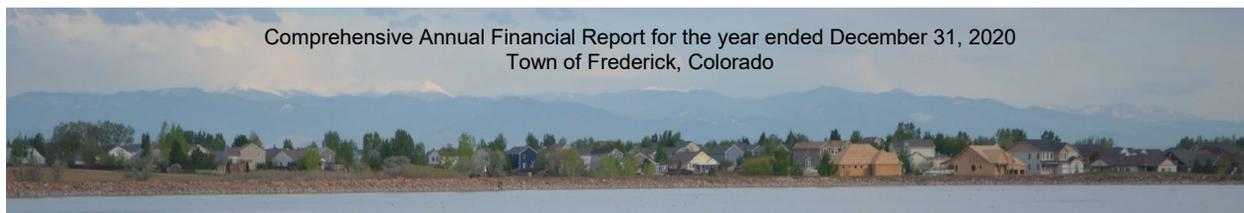

The Town reports positive balances in all three categories of net position, for the government as a whole, as well as for its separate Governmental and Business-type Activities.

Comprehensive Annual Financial Report for the year ended December 31, 2020
Town of Frederick, Colorado

Financial Analysis of the Town's Funds

Governmental Activities

The focus of the Town of Frederick's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the Town's financing requirements.

As of the end of the current fiscal year, the Town's governmental funds reported a combined ending fund balance of \$25,814,058, an increase of \$5,070,391. This is largely attributed to a \$4,345,779 increase in cash and investments. Notable restricted fund equity changes include a \$1,573,597 increase to Street Improvements and a \$1,489,184 increase to Capital Outlay. Unassigned fund equity increased by \$1,543,900. Overall revenue increased \$3,195,740, or 17 percent. The General Fund revenue increase of \$3,442,560 was the result of an increase in tax and fee revenues due to strong residential and commercial growth and the resulting sales and use tax collections. The revenue decrease(s) in the Street and Alley Fund of (\$440,268) and Park Improvement Fund of (\$956,892) were primarily grant related. The increase in the Capital Facilities Fund of \$267,345 was primarily due to taxes and fees from expansion and economic growth. The increase in the Open Space Fund of \$166,244 and the increase in Other Governmental Funds of \$716,751 are all primarily due to a strong and growing economy indicated by increases in taxes and fees collected.

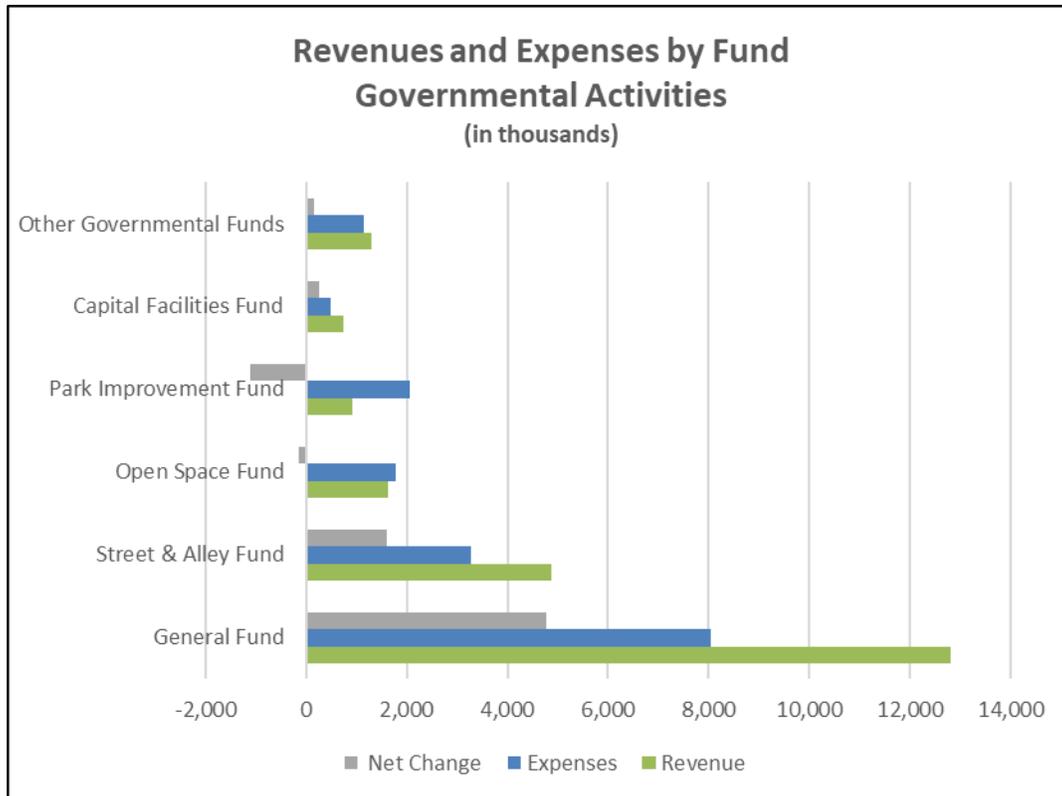

Comprehensive Annual Financial Report for the year ended December 31, 2020
Town of Frederick, Colorado

Expenses for the current year increased \$4,223,572 or 33.7 percent. The increase in expenses is largely attributed to higher general government expenses in the General Fund and higher capital outlay expenses throughout all Governmental Funds.

The statement of net position reports a combined net position for governmental activities of \$55,847,953 an increase of \$7,009,006. The increase is primarily attributed to an increase in capital assets, receivables and cash and investments.

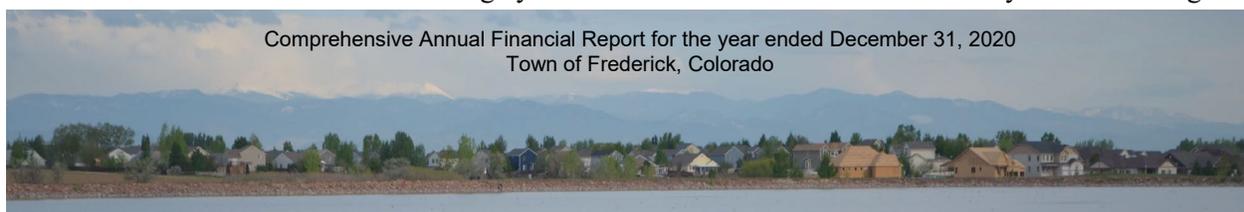

The graph below provides the program revenue and expenses for each governmental activity as well as providing net change.

Business-type Activities

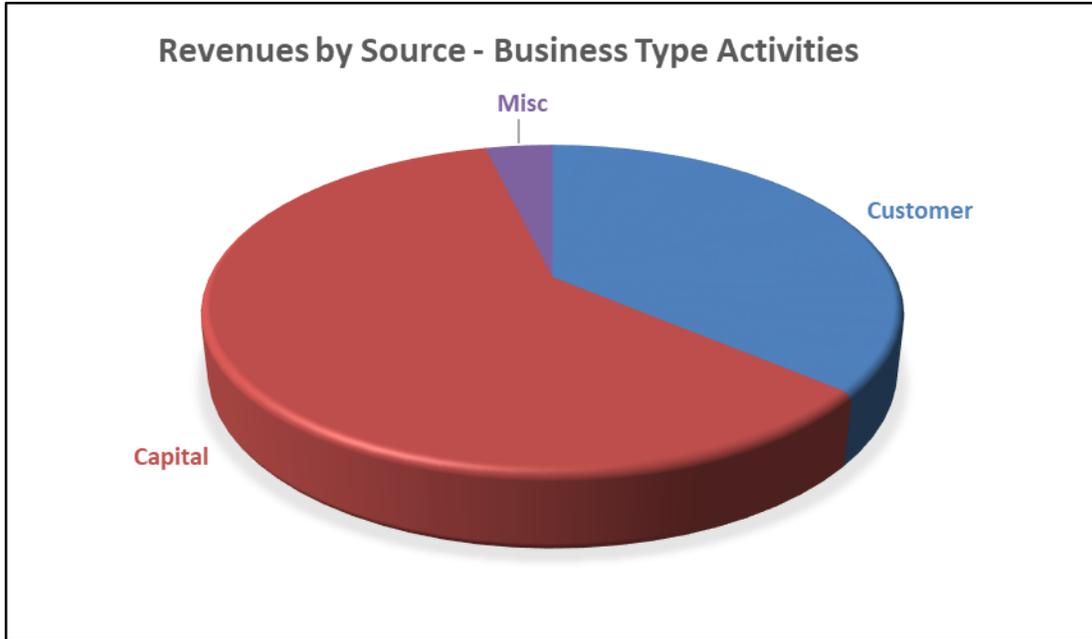

Net position of business-type activities increased by \$9.5 million primarily due to an increase in cash and investments and capital assets, including: raw water lines, water projects and golf course equipment. The Water Fund's Net Position increased \$38,651,710 due to the sale of the Electric Utility and proceeds transfer to the Water Fund. The Electric Fund subsequently decreased (\$29,905,968). Storm Water increased \$556,773 and Golf Course increased \$215,550, both due to increased cash and investments and capital assets. This is the second year that the Golf Course Fund incorporated restaurant operations. This net position is dedicated solely to finance the continuing operations of the water, storm water, and golf course operations.

Revenues for the Town's business-type activities, net of the transfer out, were \$14,160,825 a 38.5 percent decrease. The decrease in revenues is largely attributed to the sale of the electric utility in 2019. Charges

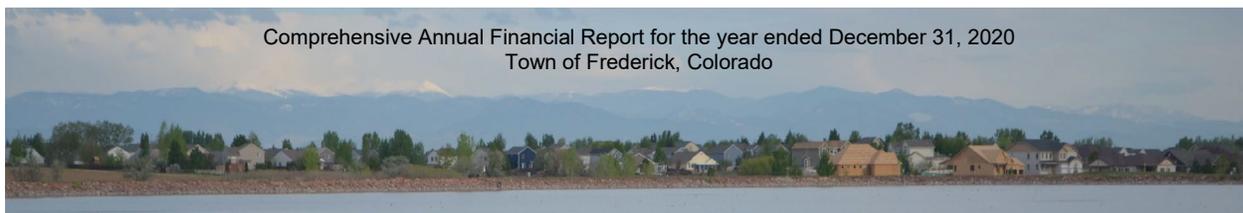

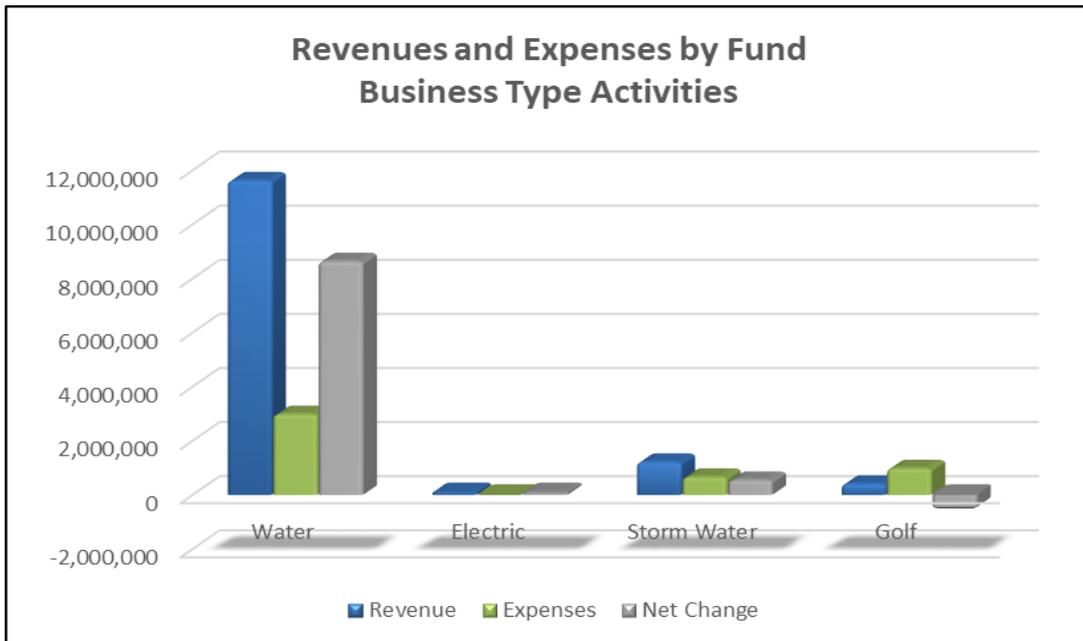

for services for business-type activities increased \$185,016. Operating revenues increased \$509,782. Operating expenses increased \$356,957.

As you can see from the following graph, the highest source of revenue for business-type activities is capital charges.

The following graph provides program revenue and expenses for each of the Business-Type activities operated by the Town.

General Fund Budgetary Highlights

The General Fund is the chief operating fund of the Town. It accounts for all of the general services provided by the Town. In 2020, total fund balance increased 20 percent or \$1,653,049. The unassigned fund balance of the General Fund at the end of 2020, totaled \$9,218,511 while the total fund balance totaled \$9,824,164. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to General Fund expenditures. For 2020, unassigned fund balance represents approximately 114 percent of total General Fund Expenditures and transfers out, while total fund balance represents 122 percent of that same amount.

The Town budgeted for General Fund expenditures of \$8,206,271 for the year ended December 31, 2020 and actual expenditures were \$8,031,058. Expenditures were \$175,213 less than budgeted as a result of department spending less than projected in 2020. Revenues, excluding transfers, for 2020 were budgeted at \$8,497,919 and actual revenues were \$12,806,636. Revenues from sales taxes, use taxes and permitting for new construction were stronger than anticipated.

Capital Assets and Debt Administration

Capital Assets

By the end of 2020, the Town had invested \$119,627,808 in a broad range of capital assets, including land, buildings, site improvements, infrastructure, vehicles and other equipment. This amount represents an increase of \$3,689,358 or 31.8 percent from last year, which includes the addition of a skate park and multi-use trail (Thunder Valley). Additional information on the Town's capital assets can be found in Note 4 of the financial statements. Total accumulated depreciation expense was \$38,493,883 in the governmental activities and \$6,771,269 in the business-type activities. There have been no significant changes in the condition level of the capital assets of the Town.

Long-Term Debt

At year-end, the Town's governmental funds had outstanding capital leases, accrued compensated absences, Sales and Use Tax Revenue Refunding Bonds Series 2015A and Sales and Use Tax Revenue Bonds Series 2015B outstanding, and 2018 FURA Tax Increment Revenue Bonds, which totaled \$6,389,390 at December 31, 2020.

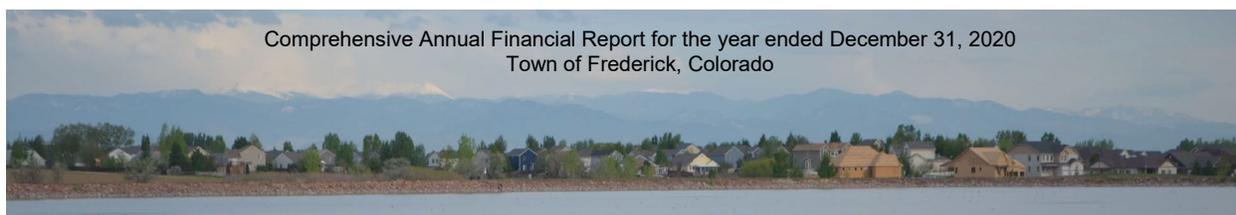

The Town's business-type funds have accrued compensated absences totaling \$55,534 at December 31, 2020.

Additional information on the Town's long-term debt can be found in Note 5 on pages 24 to 26 of this report.

Fiduciary Fund Activities

Oil Royalty Trust Fund

The fund received \$63,274 in oil royalty and investment revenues and paid out \$31,357 in scholarships and support of other community organizations. The fund balance at December 31, 2020, is \$1,543,514.

Economic Factors and Next Year's Budgets and Rates

The annual budget ensures the efficient and effective uses of Town funds, as well as highlights the priority objectives. Direction for the upcoming year is established by the Board when the budget is adopted, funds are appropriated and resources are allocated.

The following factors were taken into account when adopting the budget for 2021:

- The Town has forecast most revenues as relatively steady from 2020 through 2021. Revenues from sales taxes are expected to continually increase as a result of an increase of one percent (1.0%) with the passage of a Public Safety Sales Tax.
- The Town has conservatively forecasted new growth which was projected at 263 homes and the mill levy for property tax revenues has been set at a steady 6.555.
- Expenditures exceed revenues by \$11.793 million, reflecting a large increase in Capital Outlay for the 2021 budget year. Capital projects planned for 2021 include vehicle and equipment improvements, raw water line extensions, alley improvements, and playground and trail improvements. The difference between revenues and expenditures will be filled by accumulated fund balances which grew from unanticipated revenue growth and lower than expected expenditures in recent years.
- There are thirteen new full-time positions included in the 2021 Budget. The positions added town-wide include an Economic Development Director, Town Attorney, Town Hall Receptionist, Digital Media Specialist, Building Inspector, Construction Inspector, Development Review Engineer, Police Commander, Police Officer (2), Assistant Public Works Director, Facilities Supervisor, and Maintenance Technician. All positions are allocated to different funds based on the amount of time spent in each fund.
- The Town's business-type activities are expected to have revenues that remain steady compared to 2020 actuals. There was no rate increase in the storm water fund. There was a 5% increase in the usage rates in the water fund that go into effect January 1, 2021.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
Year Ended December 31, 2020

Amounts Reported for Governmental Activities in the Statement of Activities
are Different Because:

Net Changes in Fund Balances - Total Governmental Funds	\$ 5,111,094
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay \$3,950,174, exceeded depreciation (\$2,166,786), and loss on disposal of assets (\$1,913), in the current period.	1,781,475
Debt proceeds are reported as financing sources in the governmental funds and increase fund balance. In the government-wide statements, however, issuing debt increases long-term liabilities in the statement of net position and does not effect the statement of activities.	(384,533)
Repayment of long-term debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. These include capital lease payments of \$44,626, bond payments of \$385,528, amortization of bond premium \$22,743, payment of notes payable \$104,421, change in accrued compensated absences of (\$85,124), and change in accrued interest payable of \$1,325.	473,519
Deferred Charges related to pensions are not recognized in the governmental funds. However, for the government-wide funds that amount is capitalized and amortized.	<u>27,451</u>
Change in Net Position of Governmental Activities	<u>\$ 7,009,006</u>

Notes to Financial Statements

TOWN OF FREDERICK, COLORADO

NOTES TO FINANCIAL STATEMENTS

December 31, 2020

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Town of Frederick, Colorado was incorporated in 1907. The Town is governed by a Mayor and six-member council elected by the residents.

The accounting policies of the Town of Frederick, Colorado (the “Town”) conform to generally accepted accounting principles as applicable to governments. Following is a summary of the more significant policies.

Reporting Entity

In accordance with governmental accounting standards, the Town of Frederick has considered the possibility of inclusion of additional entities in its basic financial statements.

The definition of the reporting entity is based primarily on financial accountability. The Town is financially accountable for organizations that make up its legal entity. It is also financially accountable for legally separate organizations if Town officials appoint a voting majority of the organization’s governing body and either it is able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or to impose specific financial burdens on, the Town. The Town may also be financially accountable for governmental organizations that are fiscally dependent upon it.

Frederick Urban Renewal Authority

The Frederick Urban Renewal Authority (the “Authority”) is considered to be financially accountable to the Town. The purpose of the Authority is to improve condition of blighted areas of the Town. The Authority is considered to be part of the Town for financial reporting purposes because its resources are entirely for the direct benefit of the Town and is blended into the Town’s financial statements as a special revenue fund. Separate financial statements are not available.

Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the Town. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of the given function or segments are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Government-Wide and Fund Financial Statements (Continued)

Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when the liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current *financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Town considers revenues to be available if they are collected within 60 days of the end of the current fiscal period.

Property taxes, specific ownership taxes, grants, and interest associated with the current fiscal period are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the Town.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, are recorded only when payment is due.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation
(Continued)

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the Town's practice to use restricted resources first, then unrestricted resources as they are needed.

In the fund financial statements, the Town reports the following major governmental funds:

The *General Fund* is the Town's primary operating fund. It accounts for all financial resources of the Town, except those required to be accounted for in another fund.

The *Street and Alley Fund* accounts for revenues from specific sources and to account for the construction and maintenance of the Town's streets and alleys

The *Open Space Fund* accounts for allocated impact fees and sales tax revenues approved by voters to provide funding for the acquisition and maintenance of open space areas within the Town.

The *Park Improvement Fund* accounts for allocated impact fees, grants, and contributions to provide funding for the acquisition and maintenance of parks and recreation areas within the Town.

The *Capital Facilities Fund* accounts for allocated impact fee revenues to provide funding for the acquisition of property and equipment, construction of streets, drainage, and planning and engineering studies.

The Town reports the following major proprietary funds:

The *Water Fund* accounts for the financial activities associated with the provision of water services.

The *Electric Fund* accounts for the financial activities associated with the provision of electric services.

The *Storm Water Fund* accounts for the financial activities associated with the provision of drainage services.

The *Golf Course Fund* accounts for the financial activities associated with the operation of the Bella Rosa Golf Course.

Additionally, the Town reports the following fund type:

The *Fiduciary Fund* accounts for the activities of the Town's oil royalties.

Cash and Investments

Cash equivalents include investments with original maturities of three months or less.

Investments are recorded at fair value.

Capital Assets

Capital assets, which include property and equipment, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the Town as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at their estimated acquisition value on the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Property and equipment of the Town is depreciated using the straight line method over the following estimated useful lives:

Buildings	20 - 50 years
Water System	10 - 50 years
Machinery and Equipment	5 - 10 years
Vehicles	5 - 10 years
Infrastructure	10 - 30 years

Compensated Absences

Employees of the Town are allowed to accumulate unused vacation time up to 160 hours if they have less than 15 years of service. Employees with over 15 years can accumulate 400 hours. Upon termination of employment from the Town, an employee will be compensated for all accrued vacation time at their current pay rate. Employees are not compensated for any of their accrued sick time.

These compensated absences are recognized as current salary costs when earned in the proprietary fund types and when due in the governmental fund types. A liability has been recorded in the government-wide financial statements for the accrued compensated absences.

Long-Term Obligations

In the government-wide financial statements, and proprietary fund type in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums, discounts, and bond issuance costs are deferred and amortized over the life of the bonds using the straight-line method.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position and balance sheets will sometimes report a separate section for deferred outflows or resources. This separate financial statement element, deferred outflow of resources, represents a consumption of net position and fund balance that applies to a future period(s) and so will not be recognized as an outflow of resources expense/expenditure) until then.

In addition to liabilities, the statement of financial position and balance sheets will sometimes report a separate section for deferred inflows or resources. This separate financial statement element, deferred inflow of resources, represents an acquisition of net position and fund balance that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

Net Position

In the government-wide financial statements, net position is restricted when constraints placed on the net position are externally imposed.

Fund Balance Classification

The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the Town is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications used in the governmental fund financial statements are as follows:

- Nonspendable – This classification includes amounts that cannot be spent because they are either not in a spendable form (such as inventories and prepaid amounts) or are legally or contractually required to be maintained intact. The Town reports prepaid expenses as nonspendable.
- Restricted – This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation. The Town has classified Emergency Reserves as being restricted because their use is restricted by State Statute for declared emergencies. The Town has also classified the Open Space Fund as restricted because its use is restricted by taxpayer initiative, the Street and Alley Fund as restricted as the revenues are restricted through taxpayer initiatives and State Statute, and the Conservation Trust Fund is classified as restricted because its revenues are restricted by State Statute.
- Committed – This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the Board of Directors. These amounts cannot be used for any other purpose unless the Board of Directors removes or changes the specified use by taking the same type of action (ordinance) that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements. The Town reports the fund balances of the Park Improvement Fund and the Capital Facilities Fund as committed as the Town has passed ordinances to create impact fees that are committed for the costs of infrastructure necessary to support new development.
- Assigned – This classification includes amounts the government intends to use for specific purposes that do not meet the criteria to be classified as restricted or committed.

TOWN OF FREDERICK, COLORADO

NOTES TO FINANCIAL STATEMENTS

December 31, 2020

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fund Balance Classification (Continued)

- Unassigned – This classification includes the residual fund balance for the General Fund. The Unassigned classification also includes negative residual fund balance of any other governmental fund that cannot be eliminated by offsetting of Assigned fund balance amounts.

The Town would typically use Restricted fund balances first, followed by Committed resources, and then Assigned resources, as appropriate opportunities arise, but reserves the right to selectively spend Unassigned.

Property Taxes

Property taxes are levied on November 1 and attach as an enforceable lien on property on January 1. Taxes are payable in full on April 30 or in two installments on February 28 and June 15. The County Treasurer's office collects property taxes and remits to the Town on a monthly basis.

Since property tax revenues are collected in arrears during the succeeding year, a receivable and corresponding deferred revenue are recorded at December 31. As the tax is collected in the succeeding year, the deferred revenue is recognized as revenue and the receivable is reduced.

NOTE 2: STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Budgets and Budgetary Accounting

The Town follows these procedures in establishing the budgetary data reflected in the financial statements:

- In October, the Town staff submits to the Town Council a proposed operating budget for the fiscal year commencing the following January 1. The operating budget includes proposed expenditures and the means of financing them.
- Public hearings are conducted to obtain taxpayer comments.
- Prior to December 31, the budget is legally enacted through passage of a resolution.
- The Town Administration is authorized to transfer budgeted amounts between departments within any fund. However, any revisions that alter the total expenditures of any fund must be approved by the Town Council.

TOWN OF FREDERICK, COLORADO

NOTES TO FINANCIAL STATEMENTS

NOTE 2: STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (Continued)

Budgets and Budgetary Accounting (Continued)

- Budgets are legally adopted for all funds of the Town, except for the Electric Fund, a proprietary fund, which was closed to the Water Fund in 2020 and the Public Safety Special Revenue Fund which was a newly created in 2020. Budgets for the General, Special Revenue, and Private Purpose Trust Funds are adopted on a basis consistent with generally accepted accounting principles (GAAP). The Budgetary comparison presented for the enterprise funds are presented on a non-GAAP budgetary basis. Capital outlay and debt payments are budgeted as expenditures.
- Budgeted amounts in the financial statements are as originally adopted or as amended by the Town Council. All appropriations lapse at year end. Colorado governments may not exceed budgeted appropriations at the fund level.

Legal Compliance

At December 31, 2020, actual expenditures exceeded budgeted amounts by the following amounts, for the following funds:

General Fund	\$ 471,787
Street and Alley Fund	10,923
Open Space Fund	688,408
Park Improvement Fund	856,003
Capital Facilities	310,885
Golf Course Fund	107,549

This may be a violation of State statute.

NOTE 3: DEPOSITS AND INVESTMENTS

A summary of deposits and investments as of December 31, 2020 follows:

Petty Cash	\$ 450
Cash Deposits	30,909,832
Investments	<u>30,393,652</u>
Total	<u>\$ 61,303,934</u>

TOWN OF FREDERICK, COLORADO

NOTES TO FINANCIAL STATEMENTS

NOTE 3: DEPOSITS AND INVESTMENTS (Continued)

The above amounts are classified in the statement of net position as follows:

Cash and Investments	\$ 60,595,215
Restricted Cash and Investments	32,723
Fiduciary Funds	<u>675,996</u>
 Total	 <u>\$ 61,303,934</u>

Cash in the amount of \$32,723 is restricted for debt service and capital improvements in the Frederick Urban Renewal Authority Fund.

Deposits

Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a bank failure, the government’s deposits may not be returned to it. The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulations. At December 31, 2020, State regulatory commissioners have indicated that all financial institutions holding deposits for the Town are eligible public depositories. Amounts on deposit in excess of federal insurance levels must be collateralized by eligible collateral as determined by the PDPA. PDPA allows the financial institution to create a single collateral pool for all public funds held. The pool is to be maintained by another institution or held in trust for all the uninsured public deposits as a group. The market value of the collateral must be at least equal to 102% of the uninsured deposits.

The Town has no policy regarding custodial credit risk for deposits.

At December 31, 2020, the Town had deposits with financial institutions with a carrying amount of \$30,909,832. The bank balances with the financial institutions were \$31,051,034. Of these balances, \$1,032,723 was covered by federal depository insurance and \$30,018,311 was covered by collateral held by authorized escrow agents in the financial institutions name (PDPA).

Investments

As of December 31, 2020, the Town had the following investments and maturities:

<u>Type of Investment</u>	<u>Fair Value</u>	<u>Maturities (in Years)</u>	
		<u>0 – 1 Years</u>	<u>1 – 5 Years</u>
Local Government Investment Pools	<u>\$ 30,393,652</u>	<u>\$ 30,393,652</u>	<u>\$ -</u>

TOWN OF FREDERICK, COLORADO

NOTE 3: DEPOSITS AND INVESTMENTS (Continued)

Investments (Continued)

Interest Rate Risk

The Town does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk

Colorado statutes specify in which instruments the units of local government may invest which includes:

- Obligations of the United States and certain U.S. government agency securities
- General obligation and revenue bonds of U.S. local government entities
- Local government investment pools
- Written repurchase agreements collateralized by certain authorized securities
- Certain money market funds
- Guaranteed investment contracts

The above investments are authorized for all funds and fund types used by Colorado municipalities.

Local Government Investment Pools

The Town had invested \$16,556,724 in the Colorado Surplus Asset Fund Trust (CSAFE) an investment vehicle established for local government entities in Colorado pursuant to Title 24, Article 75, Part 7 of the Colorado Revised Statutes, to pool surplus funds for investment purposes. The State Securities Commissioner administers and enforces the requirements of creating and operating the Pools. CSAFE reports its underlying investments at amortized and is considered a qualifying external investment pool under GASB Statement 79. CSAFE operates similar to money market funds where each share is equal in value to \$1.00. The fair value of the position in the pools is the same as the value of the pooled shares.

CSAFE is rated AAAM by Standard and Poor's. The designated custodial bank provides safekeeping and depository services in connection with the direct investment and withdrawal functions. Substantially all securities are owned by the pools and held by the Federal Reserve Bank in the account maintained for the custodial bank. The custodian's internal records identify the investments owned by the pools. Investments of the pools comply with state statutes, consisting of U.S. Treasury bills, notes and note strips, repurchase agreements, U.S. Instrumentalities, Commercial Paper, Bank Deposits and Money Market Funds. CSAFE does not have any limitations or restrictions on participant withdrawals.

NOTE 3: DEPOSITS AND INVESTMENTS (Continued)

Investments (Continued)

Local Government Investment Pools (Continued)

The Town had invested \$13,836,928 in the Colorado Government Liquid Asset Trust (ColoTrust) which has a credit rating of AAAM by Standard and Poor's. ColoTrust is an investment vehicle established for local government entities in Colorado to pool surplus funds and is regulated by the State Securities Commissioner. It operates similarly to a money market fund and each share is equal in value to \$1.00. Investments consist of U.S. Treasury and U.S. Agency securities, and repurchase agreements collateralized by U.S. Treasury and U.S. Agency securities. A designated custodial bank provides safekeeping and depository services in connection with the direct investment and withdrawal functions. Substantially all securities owned are held by the Federal Reserve Bank in the account maintained for the custodial bank. The custodian's internal records identify the investments owned by the entities.

ColoTrust is not a 2a7-like external investment pool. The unit of account is each share held, and the value of the position would be the fair value of the pool's share price multiplied by the number of shares held. The government-investor does not "look through" the pool to report a pro rata share of the pool's investments, receivables, and payables. This investment is valued using Level 2 inputs.

Fair Value

The Town categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant observable inputs.

The beginning balance of the 2018 FURA Tax Increment Revenue Bonds have been restated to include payments in the amount of \$40,693 applied to principal during the year ended December 31, 2019. These payments were made directly from the FURA debt service escrow accounts.

Compensated Absences are expected to be liquidated primarily with resources of the General Fund. The Town currently estimates that 10% of the accrued compensated absences shown above will be liquidated currently.

2015 Revenue Refunding Bonds

In December 2015, the Town issued Sales and Use Tax Revenue Refunding Bonds Series 2015A and Sales and Tax Revenue Bonds Series 2015B to refund the Town's 2006 Revenue Bonds and to finance capital improvements and bond issuance costs. Principal and interest payments are due annually on December 15 through December 15, 2029. Interest accrues at rates ranging from 2.00% of 4.00%.

TOWN OF FREDERICK, COLORADO

NOTES TO FINANCIAL STATEMENTS

December 31, 2020

NOTE 5: LONG-TERM DEBT (Continued)

2015 Revenue Refunding Bonds (Continued)

The Bonds maturing on and before December 15, 2021, are not subject to redemption prior to their respective maturity dates. The Bonds maturing on and after December 15, 2022 are subject to redemption prior to maturity, at the option of the Town, in whole or in part, and if in part in such order of maturities as the Town shall determine and by lot within a maturity, on December 15, 2021 and on any date thereafter, at a redemption price equal to the principal amount thereof (with no redemption premium), plus accrued interest to the redemption date. There is no provision for the acceleration of maturity of the principal of the Bonds in the event of default in the payment of principal or interest on the Bonds.

2018 FURA Tax Increment Revenue Bonds

In June 2018, the Frederick Urban Renewal Authority (FURA) was authorized for up to \$3,550,000 in Tax Increment Revenue Bonds Series 2018 to finance capital improvements within the Meadowlark Business Park Plan Area and to finance bond issuance costs. These bonds are issued as a draw down bond and funds will be available to the FURA as requested. As of December 31, 2020, the FURA has drawn \$1,878,057 on these bonds. Principal and Interest on the amounts drawn are due annually on December 1, 2018, through December 1, 2040. Interest is currently accruing at rates ranging from 2.848% to 4.832%. This is a variable rate equal to 80% of the Taxable Rate, which is 3.0% plus the five-year Federal Home Loan Bank Des Moines Fixed Advance regular rate as of the date of the date of the draw request. This rate shall not exceed 8.00% per annum.

The Bonds maturing on and after December 31, 2018, are subject to redemption prior to maturity at the redemption price set forth in the 2018 Bond Agreement. In the event of default, the principal and accrued interest on the Bonds shall be immediately due and payable.

Street Sweeper Lease

In November 2016, the Town entered into lease purchase agreement with Wells Fargo Bank to finance the acquisition of a Street Sweeper. Principal and interest payments are due annually on January 31 through January 31, 2021. Interest accrues at a rate of 2.59%.

Compensated Absences are expected to be liquidated with resources of the Proprietary Funds and the Town currently estimates that 10% of the accrued compensated absences shown above will be liquidated currently.

NOTE 6: INTERFUND TRANSFERS

Below is a schedule of interfund transfers made during the year ended December 31, 2020.

<u>Transfers To Other Funds</u>	<u>Transfers From Other Funds</u>	<u>Amount</u>
General Fund	Street Improvement Fund	\$ 14,000
General Fund	Open Space Fund	2,500
General Fund	Park Improvement Fund	15,500
Capital Facilities Fund	General Fund	2,357,470
Conservation Trust Fund	General Fund	10,000
Water Fund	Electric Fund	30,010,371
Golf Fund	General Fund	<u>787,059</u>
Total		<u>\$ 33,196,900</u>

The transfers to the General Fund were made to assist with operating and administrative costs and the one percent fee charged to capital construction projects to support the Art in Public Places program. The transfers to the Conservation Trust and Capital Facilities Funds were made to offset the cost of park improvements and capital construction projects. The transfer to the Golf Fund was made to offset additional operating and capital costs in the Golf Fund. These transfers are budgeted annually.

Funds in the amount of \$30,010,372 were transferred from the Electric Fund to the Water Fund as the electric utility was sold in 2019 and the fund was closed to the Water Fund in 2020.

NOTE 7: TAX ABATEMENTS

The Town entered into a Developer Incentive agreement with a local business under Colorado Urban Renewal Law, Part 1 of Article 25 of Title 31 of the Colorado Revised Statutes (“C.R.S.”) and under C.R.S. § 30-11-123 which provides that the Town may negotiate incentive payments to taxpayers who establish new business facilities or who expand existing business facilities.

During the year ended December 31, 2016, the Town entered into an incentive agreement with a new local business to promote economic development within the Town and to generate employment opportunities for residents of the Town. Under this agreement, the Town abated sales taxes and interest totaling \$4,731, \$3,233, and \$723, for the years ended December 31, 2018, 2019, and 2020, respectively. In addition, this agreement provided for permit and plan review fee waivers totaling \$5,512, \$494 and \$0, for the years ended December 31, 2018, 2019, and 2020, respectively.

NOTE 8: DEFINED BENEFIT PENSION PLAN

Statewide Defined Benefit Pension Plan

Summary of Significant Accounting Policies

Pensions. The Town contributes to the Statewide Defined Benefit Pension Plan (“SWDB Plan”), a cost-sharing multiple-employer defined benefit pension plan, which is administered by the FPPA. The net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, information about the fiduciary net position and additions to/deductions from the fiduciary net position of the SWDB Plan have been determined using the economic resources measurement focus and the accrual basis of accounting.

The Plan assets are included in the Fire & Police Members’ Benefit Investment Fund and the Fire & Police Members’ Self-Directed Investment Fund (for Deferred Retirement Option Plan (DROP) assets and Separate Retirement Account assets from eligible retired members).

General Information about the Pension Plan

Plan description. The SWDB Plan provides retirement benefits for members and beneficiaries according to plan provisions as enacted and governed by FPPA’s Pension Fund Board of Trustees. Colorado Revised Statutes (“CRS”), as amended, establishes basic benefit provisions under the SWDB Plan. FPPA issues an annual, publicly-available financial report that includes the assets of the SWDB Plan. That report may be obtained on FPPA’s website at <http://www.fppaco.org>.

NOTE 8: DEFINED BENEFIT PENSION PLANS (Continued)

Statewide Defined Benefit Pension Plan (Continued)

General Information about the Pension Plan (Continued)

Benefits provided. A member is eligible for a normal retirement pension once the member has completed twenty-five years of credited service and has attained the age of 55. Effective January 1, 2021, a member may also qualify for a normal retirement pension if the member's combined years of service and age equals at least 80, with a minimum age of 50 (Rule of 80).

The annual normal retirement benefit is 2 percent of the average of the member's highest three years' pensionable earnings for each year of credited service up to ten years, plus 2.5 percent for each year of service thereafter. The benefit earned prior to January 1, 2007 for members of affiliated Social Security employers will be reduced by the amount of Social Security income payable to the member annually.

Effective January 1, 2007, members covered under Statewide Defined Benefit Social Security Component will receive half the benefit when compared to the Statewide Defined Benefit Plan. Benefit adjustments paid to retired members are evaluated annually and may be re-determined every October 1. The amount of any increase is based on the Board's discretion and can range from 0 to the higher of 3 percent or the Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W).

A member is eligible for an early retirement after completion of 30 years of service or attainment of age 50 with at least five years of credited service. The early retirement benefit equals the normal retirement benefit reduced on an actuarially equivalent basis. Upon termination, an employee may elect to have member contributions, along with 5 percent as interest, returned as a lump sum distribution. Alternatively, a member with at least five years of accredited service may leave contributions with the Plan and remain eligible for a retirement pension at age 55 equal to 2 percent of the member's average highest three years' pensionable earnings for each year of credited service up to ten years, plus 2.5 percent for each year of service thereafter.

Contributions. The SWDB Plan sets contribution rates at a level that enables all benefits to be fully funded at the retirement date of all members. Contribution rates for the SWDB Plan are set by state statute. Employer contribution rates can only be amended by state statute. Member contribution rates can be amended by state statute or election of the membership. Effective January 1, 2021, contribution rates for employers and members may be increased equally by the FPPA Board of Directors upon approval through an election by both the employers and members.

NOTE 8: DEFINED BENEFIT PENSION PLANS (Continued)

Statewide Defined Benefit Pension Plan (Continued)

General Information about the Pension Plan (Continued)

In 2014, the members elected to increase the member contribution rate to the SWDB plan beginning in 2015. Member contribution rates will increase 0.5 percent annually through 2022 to a total of 12 percent of pensionable earnings. Employer contributions are 8 percent in 2019 and 2020. Employer contributions will increase 0.5 percent annually beginning in 2021 through 2030 to a total of 13 percent of pensionable earnings. In 2019, members of the SWDB plan and their employers are contributing at the rate of 10.5 percent and 8 percent, respectively, of pensionable earnings for a total contribution rate of 18.5 percent.

Contributions from members and employers of departments reentering the system are established by resolution and approved by the FPPA Board of Directors. The reentry group has a combined contribution rate of 22.5 percent and 23.0 percent of pensionable earnings in 2019 and 2020, respectively. It is a local decision as to whether the member or employer pays the additional 4 percent contribution. The member and employer contribution rates will increase through 2030 as described above for the non-reentering departments. Effective January 1, 2021, reentry departments may submit a resolution to the FPPA Board of Directors to reduce the additional 4 percent contribution, to reflect the actual cost of reentry by department, to the plan for reentry contributions. Each reentry department is responsible to remit contributions to the plan in accordance with their most recent FPPA Board of Directors approved resolution.

The contribution rate for members and employers of affiliated social security employees is 5.25 percent and 4 percent, respectively, of pensionable earnings for a total contribution rate of 9.25 percent in 2019 and 9.50 percent in 2020. Per the 2014 member election, members of the affiliate social security group had their required contribution rate increase 0.25 percent annually beginning in 2015 through 2022 to a total of 6 percent of pensionable earnings. Employer contributions are 4 percent in 2019 and 2020. Employer contributions will increase 0.25 percent annually beginning in 2021 through 2030 to a total of 6.5 percent of pensionable earnings.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At December 31, 2020, the Town reported an asset in the amount of \$57,570 for its proportionate share of the net pension asset. The net pension asset was measured as of December 31, 2019, and the total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of January 1, 2020. Standard update procedures were used to roll forward the total pension liability to December 31, 2020.

NOTE 8: DEFINED BENEFIT PENSION PLANS (Continued)

Statewide Defined Benefit Pension Plan (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

The Town's proportion of the net pension asset was based on the Town's contributions to the SWDB Plan for the calendar year 2019 relative to the total contributions of participating employers to the SWDB Plan.

At December 31, 2019 the Town's proportion was 0.10179%, which was an increase of 0.00565% from its proportion measured as of December 31, 2018.

For the year ended December 31, 2020 the Town recognized a pension expense of \$48,403. At December 31, 2020, the Town reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Difference between expected and actual experience	\$194,826	\$1,127
Net difference between projected and actual earnings on pension plan investments	N/A	\$90,501
Changes in proportion and differences between contributions recognized and proportionate share of contributions	\$8,272	\$24,926
Change in assumptions and other inputs	\$109,312	N/A
Contributions subsequent to the measurement date	\$75,854	N/A
Total	\$388,264	\$116,554

\$75,854 reported as deferred outflows of resources related to pensions, resulting from contributions subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the year December 31, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Actuarial assumptions. The actuarial valuations for the SWDB Plan were used to determine the total pension liability and actuarially determined contributions for the fiscal year ending December 31, 2019. The valuations used the following actuarial assumptions and other inputs:

Total Pension Liability:

Actuarial Valuation Date	January 1, 2020
Actuarial Method	Entry Age Normal
Amortization Method	N/A
Amortization Period	N/A
Long-term investment Rate of Return*	7.00 percent
Projected salary increases*	4.25 – 11.25 percent
Cost of Living Adjustments (COLA)	0.00 percent
*Includes Inflation at 2.5%	

Actuarially Determined Contributions:

Actuarial Valuation Date	January 1, 2019
Actuarial Method	Entry Age Normal
Amortization Method	Level % of Payroll, Open
Amortization Period	30 Years
Long-term investment Rate of Return*	7.0 percent
Projected salary increases*	4.25-11.25 percent
Cost of Living Adjustments (COLA)	0.00 percent
*Includes Inflation at 2.5%	

For determining the total pension liability and actuarially determined contributions, the post-retirement mortality tables for non-disabled retirees uses the 2006 central rates from the RP-2014 Annuitant Mortality Tables projected to 2018 using the MP-2017 projection scales, and the projected prospectively using the ultimate rates of the scale for all years. The preretirement off-duty mortality tables are adjusted to 50% of the RP-2014 mortality tables for active employees. The on-duty mortality rate is 0.00015.

NOTE 8: DEFINED BENEFIT PENSION PLANS (Continued)

Statewide Defined Benefit Pension Plan (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

At least every five years the Fire & Police Pension Association's Board of Directors, in accordance with best practices, reviews its economic and demographic actuarial assumptions. At its July 2018 meeting, the Board of Directors reviewed and approved recommended changes to the actuarial assumptions. The recommendations were made by the FPPA's actuaries, Gabriel, Roeder, Smith & Co., based upon their analysis of past experience and expectations of the future. The assumption changes were effective for actuarial valuations beginning January 1, 2019. The actuarial assumptions impact actuarial factors for benefit purposes such as purchases of service credit and other benefits where actuarial factors are used.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation (assumed at 2.5 percent). Best estimates of arithmetic real rates of return for each major asset class included in the Fund's target asset allocation as of December 31, 2019 are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Global Equity	38.00%	7.00%
Equity Long/Short	8.00%	6.00%
Private Markets	25.00%	9.20%
Fixed Income	15.00%	5.20%
Absolute Return	8.00%	5.50%
Managed Futures	4.00%	5.00%
Cash	2.00%	2.52%

The discount rate used to measure the total pension liability was 7.00 percent. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers will be made based on the actuarially determined rates based on the Board's funding policy, which establishes the contractually required rates under Colorado statutes. Based on those assumptions, the SWDB plan fiduciary net position was projected to be available to make all the projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Discount rate. Projected benefit payments are required to be discounted to their actuarial present values using a Single Discount Rate that reflects (1) a long-term expected rate of return on pension plan investments (to the extent that the plan's fiduciary net position is projected to be sufficient to pay benefits) and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date (to the extent that the plan's projected fiduciary net position is not sufficient to pay benefits).

For the purpose of this valuation, the expected rate of return on pension plan investments is 7.00 percent; the municipal bond rate is 2.75 percent (based on the weekly rate closest to but not later than the measurement date of the "state & local bonds" rate from Federal Reserve statistical release (H.15)); and the resulting Single Discount Rate is 7.00 percent.

Sensitivity of the Town's proportionate share of the net pension liability to changes in the discount rate. Regarding the sensitivity of the net pension liability/(asset) to changes in the Single Discount Rate, the following presents the plan's net pension liability/(asset), calculated using a Single Discount Rate of 7.00 percent, as well as what the plan's net pension liability/(asset) would be if it were calculated using a Single Discount Rate that is one percent lower or one percent higher:

	1% Decrease (6.00%)	Current Discount Rate (7.00%)	1% Increase (8.00%)
Proportionate share of the net pension liability (asset)	\$349,057	(\$57,570)	(\$394,813)

Pension plan fiduciary net position. Detailed information about the SWDB Plan's fiduciary net position is available in FPPA's comprehensive annual financial report which can be obtained at <http://www.fppaco.org>.

NOTE 9: OTHER RETIREMENT COMMITMENTS

Deferred Compensation Plan

All full-time employees are eligible to participate in a voluntary 457 Deferred Comp Plan. The Plan is administered by the International Town/County Management Association (ICMA-RC). The Town matches up to 6% of employee contributions. The Town contributed \$162,524, \$168,177, and \$224,581 to the plan for the years ended December 31, 2018, 2019 and 2020, respectively, equal to the required contribution.

NOTE 10: RISK MANAGEMENT

The Town is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; injuries to employees; and natural disasters. The Town carries commercial insurance to cover these risks. The Town has not had any claims that exceeded insurable amounts for the last three years.

NOTE 11: COMMITMENTS AND CONTINGENCIES

Tabor Amendment

Colorado voters passed an amendment to the State Constitution, Article X, Section 20, which has several limitations, including revenue raising, spending abilities, and other specific requirements of state and local government. On November 5, 2013, voters within the Town approved the collection, retention and expenditure the full amount of the town taxes, grants and all other revenue collected from all sources including property taxes, received in 2012 and each subsequent year, without regard to any revenue or expenditure limitations including those contained in Article X, Section 20 of the Colorado constitution or any other law.

The Town has established an emergency reserve, representing 3% of qualifying expenditures, as required by the Amendment. At December 31, 2020, the emergency reserve of \$600,000 was recorded in the General Fund.

NOTE 12: RESTATEMENT OF FUND BALANCE

The beginning fund balance of the Frederick Urban Renewal Authority Fund was decreased by \$40,703 to recognize principal and interest payments applied to the Series 2018 FURA bonds during the year ended December 31, 2019.
